NAME	POSITION	JUSTIFICATION
 25X1A9a	Security Assistant, OSI  25X1A9a	The Security Officer, OSI, is responsible for clearances and security of A and T materials within OSI and is the focal point for all inquiries regarding Project clearances and proper handling of Project material. As Security Assistant, OSI,  acts on security matters in the absence of the Security Officer, OSI. The volume of activity in the Project has greatly increased during the past six months, particularly with regard to the necessity for clearance arrangements on short notice. Lack of a cleared security assistant has hampered the operation of the office during periods when the Security Officer is engaged in other duties outside of the office.
